Health Nugget

True sanctification is not merely a theory, an emotion, or a form of words, but a living, active principle, entering into the every-day life. It requires that our habits of eating, drinking, and dressing be such as to secure the preservation of physical, mental, and moral health, that we may present to the Lord our bodies, not an offering corrupted by wrong habits, but a "living sacrifice, holy, and acceptable unto God." - R. and H., 1881, No.4. HL42.
